The Broker
says:10
Cents

I am a busy stock-broker.
I must think quickly, clearly.
My nerves must be quiet, my head
clear.

I smoke "Helmar" Turkish cigarettes.

Because no matter how many "Helmar"
I smoke they never ruffle my nerves or affect
my throat.

And as for enjoyment—"Helmar" beats
any cigarette I ever used.

The mildest tobacco for cigarettes is Turkish.

The best tobacco for cigarettes is Turkish.

Don't pay ten cents for anybody's cigarette until
you have tried "Helmar," a fascinating, elevating,
gentleman's smoke.

Safe Home Remedy
for Skin-Troubles

Eczema, ringworm, and other itching, burning skin eruptions are so easily made worse by improper treatment that one has to be very careful. There is one method, however, that you need never hesitate to use, even on a baby's tender skin—that is the resinol treatment. Resinol is the prescription of a Baltimore doctor, put up in the form of resinol ointment and resinol soap. This proved so remarkably successful, that thousands of other physicians have prescribed it constantly for over twenty years. Generally resinol stops itching at once, and heals the eruption quickly and at little cost. Resinol ointment and resinol soap can be bought at any druggist's.

Resinol Soap is not only unusually cleansing and softening, but its regular use gives to the skin and hair that natural beauty of perfect health which cosmetics can only imitate.
